False Decision

-No reason, for ‘requests, we close our eyes, alternative facts-

Feed us lies, make em taste, we want more, of this shit

Melt our brains, show your smile, we trust in false decisions

All we need, you know best, give us more of this shit

Tv’s on, brain is off, go sell your false decisions

Sell, sell, those fucking, sell, sell, those fucking,

Sell, sell, those fucking, sell fucking false decisions

As long as we are your whore, that long as we’ll gonna pay your war

Those small presents, you make, so lovely wrapped up

We will forgive your little untruths – feed me

Feed us lies, make em taste, we want more, of this shit

Milk our brains, show your smile, we trust in false decision

All we need, you know best, give us more of this shit

Tv’s on, brain is off, go sell your false decisions

Sell, sell, those fucking, sell, sell, those fucking,

Sell, sell, those fucking, sell fucking false decision

We will get all what- we deserve and

As long we do not- feel disturbed we

Will follow blind- don’t remind the truth

We swallow it all, we swallow it all (AaaaaaaaaaaaaaaaaAaaaAaAAaAaaA)

Sell those fucking, sell those fucking, sell those fucking false decision
